

NEWS – December 2010

This will be the last News Brief until after the 18th January when we will have the result of our sale of the Fastnet Rock/Take Care filly at the gold coast.

I will do my best to keep trainers updates/racehorses etc coming over the Xmas New Year Period.

I am pleased to report that I can sign off for the year on a very positive note for shareholders with the news that a deal has been done with Shadai Stallion

Station in Japan to secure the ongoing rights to stand Snitzel at their stud in Hokkaido for the current Northern Hemisphere season and beyond.

This creates further prestige for the promising young Redoute's Choice stallion and will also make an additional ongoing contribution to KBS bottom line.

Since the last correspondence Snitzel has moved to 3rd in the list of second season sires with 14 individual winners, moving ahead of Starcraft and Stratum.
