

LATEST NEWS As you are all aware the share acquisition in Star Witness has been received well by the shareholders.

Although disappointing in his Newmarket Hcp race there were excuses as you read from a report by Danny O'Brien the trainer, it has been decided to still proceed to take the lightly raced colt to the UK for the G1 1000m Kings Stand in June and the G1 1200m Golden Jubilee Stakes ran over the famous Royal Ascot Carnival which has been successful for a number of top Australian sprinters in the past few years.

Antony Thompson(Widden) feels there is little downside to this as his G1 win in the Blue Diamond as a 2yo and his G1 win in the Ascot Vale Stakes as a 3yo will secure his stud popularity any extra black tpe will only enhance his prospects of success at stud.

We intend to secure a suitable Quality mare in foal to a commercial stallion to send to Star Witness this season. The first of the select broodmare sales commences on the 12th April at the Inglis complex Randwick with a good selection of quality broodmares available in foal to commercial stallions.

Snitzel(stallion Share)

Is Still in Japan and according to John Messara is safe and out of harms way ,no talk of not completing the stud season there,has had a good season in Aust with his progeny Hot Snitzel ,Saramena, Zelsnitz and Salade looking to add some of the black type races over the Autumn Carnival.

Currently still running second to Stratum in the second season sires list and in the top 10 2yo sires list.

Keela (broodmare)

Looks in great order at Riverslea Farm and looking towards a sept foaling with her having a positive test to Northern Meteor.

Dylan Thomas/Keela colt(weanling)

Is growing into a nice type,has no apparent issues so hopefully will grow into a commercial yearling for us.

Millenium Ruler

Is spelling at Riverslea Farm is in good order and will go back to Guy Walters for pre training in aprox

3wks for his second race campaign,high hopes are held for this lightly raced gelding.

Fastnet Rock/Take Care filly

Is being broken in and educated in Victoria she will be turned out to mature further and would not be expected to make a race track performance un til late in the year or early 2012.

Millenium Hawk

Has had a long second campaign although yet to win has had 5 placing's from 7 starts,he will race again over 1850m at Newcastle 26th March and should be competitive again, we feel that when he comes back next preparation as a late 4yo he will be a handy middle distance provincial/mid week metro performer.

Kind Regards
Stephen Bilich
